

EliteBook 2760p Tablet PC

A Twist of This. A Touch of That.

The HP EliteBook 2760p combines the power and reliability of an HP EliteBook with the flexibility of a tablet with pen and touch capabilities.

HP recommends Windows® 7.

Touch it or write it

Get your work done faster and intuitively by using the pen or finger touch. Especially useful for professionals regularly away from a desk, the HP EliteBook 2760p offers the same functionality as a conventional notebook, plus the flexibility of a writing tablet.

Smart design

The HP EliteBook 2760p offers a 12.1-inch diagonal, 16:10 WXGA ultra-wide viewing angle. This PC is designed to meet tough military standards (MIL-STD-810G)¹ for vibration, dust, humidity, altitude, and high temperature so you can carry this PC with confidence. The optional Outdoor View display² allows professionals to work in more environments.

Full power

The new Intel architecture features the 2nd generation Intel® Core™ i7³ and i5³ dual-core processors. Benefit from incredible performance, responsiveness, and enhanced graphics. This PC also comes with a 7200 rpm hard drive with plenty of storage for your data.

Benefit from exciting processor performance features like Intel® Turbo Boost Technology 2.0.⁴ Trim IT costs with remote manageability through Intel Core processors with vPro™ Technology.⁵

Stay connected and charged

The optional HP EliteBook 2760p Tablet PC expansion base² supports DisplayPort so you can easily plug into a larger display. The expansion base also has an eSATA port, allowing you to connect an external RAID array, HDD, or optical drive.²

The HP EliteBook 2760p has multiple battery options for lightweight and extended battery life configurations.^{2,6} Gain an optimized sound system for high-fidelity audio during video conferencing⁷ or multimedia playback with SRS Premium Sound.

Built to simplify

With HP QuickWeb⁸ you can tap into fast, convenient, and more secure access to the Internet, email, contacts, and calendar—all at the touch of a button—without long boot-up times.

Built to protect

HP ProtectTools⁹ is a portfolio of security technologies that's easy to use, robust, and can be centrally managed by businesses of all sizes across HP and non-HP client PCs.

EliteBook 2760p Tablet PC

HP recommends Windows® 7.

SPECIFICATIONS

Operating system	Preinstalled: Genuine Windows® 7 Professional ¹⁰ Genuine Windows 7 Home Premium ¹⁰ FreeDOS	Supported: Genuine Windows 7 Enterprise ¹⁰ Genuine Windows 7 Ultimate ¹⁰ Genuine Windows Vista Enterprise ¹¹ Genuine Windows XP Professional Genuine Windows XP Tablet Edition

Communications	Integrated Intel 82579LM Gigabit Network Connection (vPro ⁵), 56K v.92 modem	
Ports and Connectors	(3) USB 2.0 ports (1 charging), VGA,(1) combo headphone/microphone jack, (1)1394a, power connector, (1) RJ-11/modem, (1) RJ-45/Ethernet, (1) docking connector for HP 2740 Ultra-Slim Expansion Base, (1) external battery connector for HP 2700 Ultra-Slim Battery	
Expansion Slots	ExpressCard/34 slot, SD/MMC slot	
Input Device	Full-sized spill-resistant keyboard, touchpad with scroll zone and gestures support, point stick, digital eraser pen, Jog dial, rotate button, launch buttons (wireless on/off, HP QuickWeb, ⁸ volume mute, volume down, volume up)	
Software (Windows OS only)	HP Power Assistant, ²⁰ HP Recovery Manager, HP Support Assistant, HP QuickWeb, ⁸ HP DayStarter, ²¹ Microsoft® Office 2010 Preloaded—Purchase Key, ²² Roxio Secure Burn ²³ (select models), Roxio MyDVDE 10 SE (select models), Norton Internet Security 2011, ²⁴ Skype ⁷	
Security	Standard: Central Management for HP ProtectTools, ²⁵ TPM Embedded Security Chip 1.2, Enhanced Pre-Boot Security, HP Spare Key (requires initial user setup), HP Disk Sanitizer, ²⁶ Drive Encryption for HP ProtectTools, Credential Manager for HP ProtectTools, Face Recognition for HP ProtectTools, ²⁷ File Sanitizer for HP ProtectTools, ²⁶ Computrace Pro for HP ProtectTools, ²⁸ Smart Card Reader, security lock slot Optional: HP Fingerprint Sensor ²	
Dimensions (h x w x d)	1.27 in (at front) x 11.42 in x 8.35 in/3.2 cm x 29.0 cm x 21.2 cm	
Weight	Starting at 3.94 lb/1.79 kg (weight will vary by configuration)	
Power	HP 6-cell (44 WHr) primary battery, HP Long Life 6-cell (39 WHr) primary battery, optional secondary HP 6-cell (46 WHr) 2700 Ultra-Slim Battery, ² 65W Smart AC Adapter, HP Fast Charge ²⁹	
Expansion Solutions	HP 2740 Ultra-Slim Expansion Base ²	
Warranty	Limited 3-year and 1-year warranty options available, depending on country; 1-year limited warranty on primary battery. Optional HP Care Pack Services ³⁰ are extended service contracts which go beyond your standard warranties. For more details visit: www.hp.com/go/lookuptool	

EliteBook 2760p Tablet PC

HP recommends Windows® 7.

HD Webcam (optional)^{2,7,16}

12.1-inch diagonal display

Full-size keyboard

Touchpad with scroll zone

- 1 MIL-STD-810G testing was not intended to demonstrate fitness for U.S. Department of Defense contracts or for military use. Test results are not a guarantee of future performance under these test conditions.
- 2 Sold separately or as an optional feature.
- 3 64-bit computing on Intel architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers and applications enabled for Intel® 64 architecture. Processors will not operate (including 32-bit operation) without an Intel 64 architecture-enabled BIOS. Performance will vary depending on your hardware and software configurations. See www.intel.com/info/em64t for more information. Dual/Quad Core is designed to improve performance of multithreaded software products and hardware-aware multitasking operating systems and may require appropriate operating system software for full benefit. Not all customers or software applications will necessarily benefit from use of this technology. Intel's numbering is not a measurement of higher performance.
- 4 Intel® Turbo Boost 2.0 technology requires a PC with a processor with Intel Turbo Boost 2.0 capability. Intel Turbo Boost 2.0 performance varies depending on hardware, software, and overall system configuration. See www.intel.com/technology/turboboost for more information.
- 5 Some functionality of Intel vPro, such as Intel Active management technology and Intel Virtualization technology, requires additional third-party software in order to run. Availability of future "virtual appliances" applications for vPro technologies is dependent on third-party software providers. Compatibility with future "virtual appliances," Microsoft Windows Vista, and Windows 7 operating systems is yet to be determined.
- 6 Battery life will vary depending on the product model, configuration, loaded applications, features, use, wireless functionality and power management settings. The maximum capacity of the battery will naturally decrease with time and usage. See MobileMark07 battery benchmark www.bapco.com/products/mobilemark2007 for additional details.
- 7 Internet access required.
- 8 HP QuickWeb is accessible when the notebook is off in Windows based systems. Internet access is required. Timing may vary depending on the system configuration. To enable the feature following the removal of the battery, reboot the notebook prior to subsequent use.
- 9 Microsoft Windows required.
- 10 Systems may require upgraded and/or separately purchased hardware to take full advantage of Windows 7 functionality. See www.microsoft.com/windows/windows-7/ for details.
- 11 Certain Windows Vista product features require advanced or additional hardware. See www.microsoft.com/windowsvista/getready/hardwarereqs.mspx. Windows Vista Upgrade Advisor can help you determine which features of Windows Vista will run on your computer. To download the tool, visit www.windowsvista.com/upgradeadvisor.
- 12 Maximized dual-channel performance requires SODIMMs of the same size and speed in both memory slots.
- 13 Maximum memory capacities assume Windows 64-bit operating systems or Linux. With Windows 32-bit operating systems, memory above 3 GB may not all be available due to system resource requirements.
- 14 For hard drives, GB = 1 billion bytes. Actual formatted capacity is less. Up to 15 GB of memory is reserved for system recovery software.
- 15 As HD DVD is a new format containing new technologies, certain disc, digital connection, compatibility and/or performance issues may arise, and do not constitute defects in the product. Flawless playback on all systems is not guaranteed. In order for some HD-DVD titles to play, they may require an HDMI digital connection and your display may require HDCP support. Blu-ray disks cannot be played on this drive. Note that DVD-RAM cannot read or write to 2.6GB Single Sided/5.2 GB Double Sided – Version 1.0 media. Actual speeds may vary. Don't copy copyright-protected materials. Double Layer discs can store more data than single layer discs; discs burned with this drive may not be compatible with many existing single-layer DVD drives and players. Blu-ray/HD DVD player and SuperMulti DVD burner data transfer rates up to 6,000 KB/s (CD read/write), 21,632 KB/s (DVD read/write), 26,340 KB/s (BD read) and 13,383 KB/s (HD DVD read).
- 16 HD content required to view HD images.
- 17 Wireless use requires separately purchased service contract. Check with local service provider for coverage area and availability in your area. Limited to mobile network operator coverage areas. Separately purchased mobile network operator service is required.
- 18 Wireless access point and Internet service required and sold separately. Availability of public wireless access points limited.
- 19 4G compatibility with HSPA+ and Wimax.
- 20 Power calculations and cost calculations are estimates. Results will vary based on variables, which include information provided by the user, time PC is in different power states (on, standby, hibernate, off), time PC is on battery or AC, hardware configuration, variable electricity rates and utilities provider. HP advises customers to use information reported by HP Power Assistant for reference only and to validate impact in their environment. Environmental calculations were based on U.S. EPA eGrid 2007 data found at www.epa.gov/egrid/. Regional results will vary. Microsoft Windows required.
- 21 Requires Microsoft Outlook. User must opt-in to activate feature.
- 22 Includes reduced functionality versions of Word and Excel. Purchase of Product Key required to activate full Office 2010 suite available at participating resellers/retailers and www.office.com
- 23 Do not copy copyright-protected materials.
- 24 Includes Norton software. Internet access required. First 60 days included. Subscription required for live updates afterward.
- 25 In order to deploy policies the client needs to be connected to the network. Requires connectivity to the DigitalPersona server to receive updated policies. System access may not prevent users from logging into the system on the first attempt if policy updates haven't yet been received and applied. This functionality blocks network access from the user's PC.
- 26 For the use cases outlined in the DOD 5220.22-M Supplement.
- 27 Microsoft Windows and webcam required.
- 28 Support for Computrace is built into the notebook firmware, and is automatically activated when a subscription is purchased. Subscriptions can be purchased for terms ranging from one to five years. Check with Absolute for availability in your country.
- 29 Fast Charge Technology recharges your battery up to 90% within 90 minutes when the system is off. Fast Charge Technology does not apply to the ultra-slim battery. When the PC is powered on, charge time may increase and will vary based on the workload of the notebook PC.
- 30 Service levels and response times for HP Care Packs may vary depending on your geographic location. Service starts on date of hardware purchase. Restrictions and limitations apply. For details, visit www.hp.com/go/lookuptool.
